All through the Bible, God's people learn that God loves us and wants us to live in his ways. And we also learn that we are not very good at following God's ways. Even when we are really trying, we can't live fully in God's ways. And often, we don't even try. We know what is wrong, but we do it anyway.

The Bible says that God JUDGES us. God is disappointed with us, like a farmer with a field that does not give a crop. But even so, God never gives up on us!

Because we cannot live in God's ways no matter how hard we try, God has done something different. God sent Jesus to us. Jesus gave his whole life to God. Then God gave it back to him, to share with everybody who loves and trusts him!
